PLANT MANAGER

Target Products Ltd is a quality manufacturer of specialty concrete, aggregate blends and dry sands for use in the construction, mining, abrasive, silica and golf industries. Target Products has locations in BC and Alberta.

Job Description

Target Products Ltd has an opening for a Plant Manager in Winnipeg. The Plant Manager has the responsibility for the overall management, direction and coordination of the plant operation. This position ensures production objectives and the delivery of finished product at the lowest cost while meeting quality control standards, all in a safe working environment.

Reporting to this position are production, maintenance, delivery, administration and quality control. This person must work closely with sales personnel in order to meet sales objectives and customer requirements. Teamwork with company supervisors, peers and subordinates is a must.

Requirements/Qualifications

- A four year degree in a related field of study
- A minimum of 5 years of manufacturing management experience with strong leadership skills and a knowledge of profit/loss statements, budgets and forecasting
- Must have strong communication skills and work well with customers
- Must be able to build, maintain and lead a teamwork type environment
- Must have strong analytical problem solving skills
- Must have a mechanical aptitude capable of managing and corresponding with maintenance personnel
- Must be able to monitor and manage adequate inventory controls

How to Apply

Applicants, who meet the above requirements and are interested in a rewarding career with a progressive and stable company, are invited to submit resume and cover letter via email. Please quote reference number: TPW-PM

Email: careers@targetproducts.com

Web: www.targetproducts.com

We thank all applicants, however only those individuals under consideration will be contacted. No phone calls please.
