

BASELINE™ Linemarker Chalk

BASELINE™ LINEMARKER CHALK A natural, pulverized white mineral product that will not harm vegetation, burn or irritate skin or eyes, and is safe for children.

Base Line™ Linemarker is an easy-to-apply line marker for athletic fields, playgrounds, temporary parking, etc. Its bright white color creates greater visibility for players, officials, and spectators. It is non-toxic and non-caustic so will not harm soil or skin and clothing. It is non-water soluble, so is ideal for wet conditions.

FEATURES:

- Bright white lines create greater visibility for players, officials and spectators
- Non-toxic, harmless to skin and clothing
- Non-water soluble, idea for wet conditions
- Non-caustic, will not harm soil or cause lime burn
- Environmentally safe
- No pigments to wash away
- Spread by hand or line marker
